I feel like the author is talking directly to me; love his humble style of presenting the information. As another reviewer wrote, "He draws extensively on other heavyweight fundraising authors so reading this book is really giving you the info from 3 or 4 of the top fundraisers in the country." He recommends their books as well; of course I will purchase them.

This really is a must have in any NGO. Enjoy!1 of 1 people found the following review helpful.
