From P Morris : The Bakhtin Reader: Selected Writings of Bakhtin, Medvedev, Voloshinov (Hodder Arnold Publication) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Bakhtin Reader: Selected Writings of Bakhtin, Medvedev, Voloshinov (Hodder Arnold Publication):

2 of 3 people found the following review helpful. Great companion By Rebekah Renee This is a great companion piece

to supplement what is taught and which of Bakhtin's works are easily accessible in libraries or on the web. It also serves as a good introduction to Bakhtin. 2 of 5 people found the following review helpful. now more than ever By sailing up chit speak Bakhtin made many notes on Freud, but never published his own views on what Freud was doing or could teach us. One of the early selections in this book is from an article by an associate of Bakhtin who used Bakhtin's notes to comment on how Freud could produce the basis for analyzing chaotic characters who did not fit simpler ideas about language and logic which literary criticism was prone to crawl under in the effort to infiltrate whatever books contained. The first selection in *The Bakhtin Reader* is on linguistics. Language has never been adequate for the creative subjectivity in which meanwhile is never the same time.

This anthology provides a comprehensive selection of the writing by Bakhtin and of that attributed to Voloshinov and Medvedev. It introduces readers to the aspects most relevant to literary and cultural studies and gives a focused sense of Bakhtin's central ideas and the underlying cohesiveness of his thinking.
