By Sandwich If you like reading about Palestine I suggest this book about Palestine.

In this essential work, journalist Ali Abunimah takes a comprehensive look at the shifting tides of the politics of Palestine and the Israelis in a neoliberal world and makes a compelling and surprising case for why the Palestine solidarity movement just might win.

"Every community that stands fast, loving its people and its land, its customs and its ways, will be seen, eventually, as worthy of saving. This is because it is our own humanity we are learning from, our own value. There will also arise a special voice to champion us, one that is brave, trustworthy and true. In *The Battle for Justice in Palestine* it is the voice of Ali Abunimah, fierce, wise - a warrior for justice and peace - someone whose large heart, one senses, beyond his calm, is constantly on fire. A pragmatist but also a poet. This is the book to read to understand the present bizarre and ongoing complexity of the Palestine/Israel tragedy. And though it is filled with the grim reality of this long and deadly, ugly and dehumanizing, conflict, it also offers hope: that as more people awaken to the shocking reality of what has for decades been going on, we can bring understanding and restitution to the Palestinian people. Their struggle to exist in dignity and peace in their own homeland - and this may be the biggest surprise of Abunimah's book - is mirrored in the struggles for survival and autonomy of more than a few of us." Alice Walker
"This is the best book on Palestine in the last decade. No existing book presents the staggering details and sophistication of analysis that Abunimah's book offers. Abunimah's scope includes an analysis of the politics, economics, environmental policies, identity politics, international relations, academic scholarship and activism, global solidarity, and official and unofficial lobbies that have come to bear on Palestine and the Palestinians. *The Battle for Justice in Palestine* is the most comprehensive treatment of Palestinian suffering under Israeli control and offers the only possible way to end it. It is a must read for anyone seeking to understand the current situation of the Palestinians and Israel." Joseph Massad, Columbia University
"With incisive style and scrupulous attention to documentation and detail, Ali Abunimah's new book offers a complex portrait, from every angle, of the Palestinian struggle for justice today." Rebecca Vilkomerson, Executive Director, Jewish Voice for Peace
"A crucially needed dose of educated hope. This is what hits me from this fascinating amalgam of incisive journalism, analytic prose and intellectually compelling vision that emanates from many years of brilliant activism. Sailing effortlessly from the domestic to the global, from Johannesburg to Belfast and from Chicago to Tel Aviv, Ali Abunimah paints a lucid, accessible picture out of a complex web of racism, racialized oppression, and creative resistance. Abunimah does not give us hope; he helps us dig for it within us by meticulously laying out before us the facts, the trends, the challenges and the inspiring resistance to them." Omar Barghouti, Palestinian human rights activist, co-founder of the BDS movement, author of *Boycott, Divestment, Sanctions: The Global Struggle for Palestinian Rights*
"In *The Battle for Justice in Palestine*, Ali Abunimah the most astute commentator writing on Palestine today bursts the leaky myths of Israeli exceptionalism while carefully examining where the battle for Palestine is currently being waged. Forget the endless peace process, which has ushered in little more than massive economic exploitation, tragic environmental degradation, and servile and destructive politics. Focus instead, Abunimah tells us, on the many civil society and campus initiatives around the world that are bravely ushering in a new era of global grass-roots organizing for justice. Rich in information and deep in analysis, *The Battle for Justice in Palestine* will inspire readers that Palestinian self-determination is not only possible but absolutely necessary." Moustafa Bayoumi, author, *How Does It Feel to Be a Problem?: Being Young and Arab in America*
