The information, the interesting subject matter and the ease of reading, made it a book that I could not put down. Mr. Beebe's association with many of the people made it all the more interesting and intriguing!!!! Please write more Mr. Beebe!!!!3 of 3 people found the following review helpful. Half of the enjoyment in this chronicle of excess is the incredibly erudite ...By SweetjohnHalf of the enjoyment in this chronicle of excess is the incredibly erudite and informed manner of the author's writing. His skillful use of adjectives inform and illuminate, rather than emphasize. This distinction is valuable in a tome dedicated to a host of superlatives. I highly recommend this for anyone wanting an intimate glimpse into the activities of the 0.00001 percent of an amazing era.0 of 0 people found the following review helpful. Have things changed?By Robert McConnellAmazing description of the high rollers of the early 20th century. There was very little discretion at the time. I wonder how much there is now, in those circles?

The Big Spenders was Lucius Beebe's last and many think his best book. In it he describes the consumption of the Gilded Age. Beebe enjoys it all immensely, and so do we his readers, whether it is James Gordon Bennett buying a Monte Carlo restaurant because he was refused a seat by the window, or Spencer Penrose leaving a bedside memo reminding himself not to spend more than \$1 million the next day.
