OK .0 of 0 people found the following review helpful. it did have some good details I can use in my research in generalBy Terri, ConnecticutThe book is fascinating, but didn't have exactly what I was looking for on one particular black Civil War regiment. However, it did have some good details I can use in my research in general. Thanks!0 of 0 people found the following review helpful. The Book is Plain BoringBy UnclepeacockThis is a rather turgid book. It is full of facts but they are presented in an uninteresting way. The print is also too small. Overall I would chose the free version on Project Gutenberg. The book is plain boring.
