Great book!This book offers many occasions and types of bookmarks for copying and embellishing.1 of 3 people found the following review helpful. 1st Purchase For Any LibrarianBy Brenda MorrisMy title says it all! You'll love the breadth of subjects these bookmarks address!

Delight students and library patrons, encourage learning, and build library research skills with these 280 handsome, reproducible bookmarks. They cover topics from art (e.g., finger puppet patterns) and music (e.g., biographies of composers) to math (e.g., metric chart), science (e.g., insect identification), social studies (e.g., members of the U.S.

Supreme Court), and on and on. Each bookmark includes a question or instructions to motivate students to read more or to search for further information. Suggestions or clues direct students in library research. Use the backs for bibliographies, assignments, thank-you notes, parent messages, and more. No educator should be without this book!
