**Walter C. Fleming : The Complete Idiot's Guide to Native American History (Complete Idiot's Guides (Lifestyle Paperback))** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Complete Idiot's Guide to Native American History (Complete Idiot's Guides (Lifestyle Paperback)):

0 of 0 people found the following review helpful. Just the ticket!By J.S. DarbyI love the Complete Idiot's Guide books, this is no different. Easy to understand material as always! Highly recommend if your taking a class or just a history buff.1 of 1 people found the following review helpful. Everything you need to knowBy Lynda SloanThis book is jam-packed with great information telling the story of Native American history in a seemingly unbiased way and enlightening readers to the real story. Too much of what we were taught in school or learned through movies and TV was incorrect. This book tries to set the record straight.0 of 0 people found the following review helpful. Awesome

bookBy bearofdeathVery well written book, written by a professor at the Bozeman college in Montana. This book was very helpful for the course I was taking and I recommend it to anyone who wants to learn a lot about Native American history! Very easy read as well.

This book is a comprehensive overview of the history and culture of the peoples who are now known as the First Americans. Author Walter C. Fleming covers the many different tribes that stretched from the Atlantic to the Pacific, including compelling biographies of their greatest leaders. He examines the beliefs, customs, legends and the myriad contributions Native Americans have given to modern society, and details the often tragic history of their conquest by European invaders, their treatment-both historical and recent-under the U.S. government, and the harsh reality of life on today's reservations.
