Andrew Delbridge Osborn : The crisis in cataloging: A paper read before the American Library Institute at the Harvard Faculty Club, June 21, 1941 before purchasing it in order to gage whether or not it would be worth my time, and all praised The crisis in cataloging: A paper read before the American Library Institute at the Harvard Faculty Club, June 21, 1941:

Andrew Delbridge Osborn, Australian born University librarian, author on library cataloguing practice, and library educator, wrote the standard treatise for librarians on serial publications.
