It's a bit racy. Not really in a good way. Not erotic. Just a bit vulgar.

I can't believe it's taken this long for Drag Kings to be seen and heard, but THE DRAG KING BOOK more than makes up for the wait. I had never heard of drag kings before I literally ran into this book and my eyes have been wide open ever since. As a novice in this field I found the book to be a very enjoyable read and the photographs pure pleasure. I had no idea that women could so convincingly impersonate such a wide range of men, and more than a few are stunningly sexy, even to a confirmed heterosexual woman such as myself. When are they coming to Texas?

with d**ks ... gotta love it! By A CustomerRun don't walk to the nearest webpage/bookstore and get your hands on this book! You won't be sorry; see the cutest boyz putting a 1990s spin on masculinity and sex like nothing you've seen before. See for yourself; you've seen the imitations: men performing masculinity on the Hollywood screen, reporters passing as men in king for a day workshops. Find the Drag King Book and see the originators; go on, don't be afraid, you know you want to. Girls who identify as boyz, who pass completely as boyz, 'kinging' it up onstage offstage and in and around just about every stage you could dream up! GO GO GO find this book, delight in the superb photographs, learn something and get bent! it changed my life and it'll change yours too!
