James S. Miller : The Eater Reader (Longman Topics Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Eater Reader (Longman Topics Series):

0 of 0 people found the following review helpful. Interesting read.By Robert SchwarzThis book was part of my curriculum for a Literature and Composition at the CIA. The articles are dated but still relevant, the categorical sections make it nice to flip through. Good if you want to learn more about the food industry!0 of 0 people found the following review helpful. Five StarsBy Billy MolinaGood price

A Longman Topics Reader that considers food in the social context. Starting from the assumption that eating is about a whole lot more than food, *The Eater Reader* presents students with an overview of the many issues, questions and controversies to which this activity is connected: from standards of health nutrition to messages about body image, debates over environmentalism or consumerism to issues of gender, racial and class difference.
