Edward J. Erler, John Marini, Thomas G. West : The Founders on Citizenship and Immigration: Principles and Challenges in America (Claremont Institute Series on Statesmanship and Political Philosophy) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Founders on Citizenship

and Immigration: Principles and Challenges in America (Claremont Institute Series on Statesmanship and Political Philosophy):

Working with the underlying premise that America's founding principles continue to be vital in the modern era, Erler, Marini, and West take a conservative look at immigration, one of today's most pressing political issues. Character—the capacity to live a life befitting republican citizens—is, as the Founders knew, crucial to the debate about immigration. *The Founders on Citizenship and Immigration* seeks to revive the issue of republican character in the current immigration debate and to elucidate the constitutional foundations of American citizenship. Published in cooperation with the Claremont Institute.
