BassAt a time of much anxiety, great confusion,self doubt in gut feelings and all things odd ,this wonderful book gave great clarity to the murky waters of not only my emotions but the courage to open up the denial file, lose the fear of isolation and read about a pattern so sickingly familiar to me,that for the first time in a long time so many things made sense... and most

importantly on a subject that even amongst our closest friends and family was closeted. I realized I was not alone. Bonnie Kaye has done wonders for all of us women who wonder. Lets face it folks if your even interested in looking at a book with this title... you should be reading it. Follow your gut and read the wise words of a lady who has walked and interviewed many others who have also walked this road before us. Thankyou Bonnie.3 of 4 people found the following review helpful. This has helped me tremendouslyBy Heather DassoukiGood read for women stuck in these types of shallow relationships. I'm still there but plan on getting out soon!7 of 9 people found the following review helpful. ... black and white about her beliefs based on her terrible experiences. There were some interesting parts to this ...By Jessica L.I found this book to be written by someone who seems to have a lot of anger about her situation and therefore has been very black and white about her beliefs based on her terrible experiences. There were some interesting parts to this book, but I found other books more helpful from a psychological perspective.

The Gay Husband Checklist for Women Who Wonder is Bonnie Kaye's revised updated version of her first book "Is He Straight? A Checklist for Women Who Wonder." The book offers a clear, concise perspective on the topic of straight/gay marriages based on Kaye's own experience plus 25 years of counseling over 35,000 women in the United States and around the world. This is the only book of its kind which contains easy-to-use checklists that outline and reveal the tell-tale signs and personality traits of potentially gay husbands as well as a checklist for the prototype of women they consciously choose as wives. The book will help women work through the emotional turmoil they face when they suspect or learn about this news. About the Author: Bonnie Kaye is recognized as an international expert in this field. She acts as a consultant for major news networks and television shows including Oprah, Montel Williams, and Tyra Banks. Her websites can be viewed at [www.Gayhusbands.com](http://www.Gayhusbands.com) and [www.Straightwives.com](http://www.Straightwives.com). Kaye's other books include: *Doomed Grooms: Gay Husbands of Straight Wives*; *ManReaders: A Woman's Guide to Dysfunctional Men*; *Straight Wives: Shattered Lives*; and *How I Made My Husband Gay: Myths About Straight Wives*.
