Henry Lincoln : The Holy Place: Saunire and the Decoding of the Mystery of Rennes-le-Chteau before purchasing it in order to gage whether or not it would be worth my time, and all praised The Holy Place: Saunire and the Decoding of the Mystery of Rennes-le-Chteau:

2 of 2 people found the following review helpful. A Little Bit of TortureBy A. harleyI would read this book to go along with The Accursed Treasure. It is interesting in that it explains how the topography of the area fits to a T geometric shapes. However Mr Lincoln gets deeper and deeper in the geometry, and before long, there are lines here, there, and everywhere. It would have helped if he had color coded the lines to make it easier to see and spot what he is talking about. If you are intent on finding this treasure of Rennes-le-Chateau, I would buy this book.1 of 1 people found the following review helpful. Not for beginnersBy Dr. William CostelloI am delving deeply into the Rosslyn Chapel mystery, since my wife is a direct descendant of Henri Saint Clair. This is a "deep drill," narrow focus work; it gets down to conversations and other very specific details about the mystery. Lincoln provides meticulous notes and footnotes. If you are already down the path with this mystery, this is a must read.If you are just starting to work on solving the mystery, wait on reading this one.3 of 3 people found the following review helpful. Mind blowingBy C. BaconThis is an amazing piece of work. Lincoln's discovery of the alignment of villages and churches in the Languedoc is truly inspired. Is the area really a giant temple? The alignments and distances are too perfect to be coincidence. I recommend this book.

From the coauthor of Holy Blood, Holy Graila basis for The Da Vinci Codecomes a deeper exploration of the secrets of Rennes-le-Chteau. In 1982, Henry Lincoln, along with colleagues Michael Baigent and Richard Leigh, published Holy Blood, Holy Grail, which became an immediate international bestseller. It investigated Rennes-le-Chteau, a small town in France where, in the late nineteenth century, Brenger Saunieres discovery of a series of parchments led in turn to a large but cursed treasure that challenged many traditional Christian beliefsincluding the possibility that Jesus's bloodline still exists. The treasures story moved back through history to the Crusades, the origins of the Knights Templar, and the Virgin Birth itself. While Baigent and Leigh have moved on to different subjects, Lincoln has continued to pursue the mysteries of Rennes-le-Chteau. Dan Browns international bestseller The Da Vinci Codebased on Holy Blood, Holy Grailreignited curiosity about this ancient, powerful town. In The Holy Place, Lincoln reveals through further surveys, decoding, and analysis that this area in southwest France is the site of a vast megalithic Christian masterpiecea holy place of enormous size and importance.

About the AuthorHenry Lincoln is a noted documentary filmmaker and author. He coauthored the bestselling Holy Blood, Holy Grail with Michael Baigent and Richard Leigh, as well as The Messianic Legacy, Key to the Sacred Pattern, and The Templars Secret Island. He lives in Rennes-le-Chteau, France.
