From Time Life Books : The Old West: Master Index before purchasing it in order to gage whether or not it would be worth my time, and all praised The Old West: Master Index:

0 of 0 people found the following review helpful. A Necessary AdditionBy Charles WheelerI originally read the Time-Life series on the Old West in the late 1970's as they came out--my local library obtained them. But I did not know there was a Master Index. I just recently acquired a complete set of these books, so I had to have the Master Index to complete the set. My only complaint is: I wish it were a hard back like the rest of the books. This pamphlet form seems so cheap compared to the other books. Still, this index will help you locate any subject in the 26 volume set. A handy thing indeed. So, anyone who owns the entire set should have this book as well.0 of 0 people found the following review helpful. Time-Life's The Old West series must be one of their best, after all those film and TV Western seriesBy CustomerMore comprehensive index than the volume indexes. Example: Davy Crockett is quoted in The Frontiersmen, but doesn't appear in the index, an omission that the Master Index rectifies.Time-Life's The Old West series must be one of their best, after all those film and TV Western series, it's fascinating to find out what the Old West and its characters were really like.0 of 0 people found the following review helpful. A Must HaveBy M. BooneMakes locating items of interest much easier.
