**Jorge Ramos : The Other Face of America: Chronicles of the Immigrants Shaping Our Future** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Other Face of America: Chronicles of the Immigrants Shaping Our Future:

1 of 1 people found the following review helpful. About the other face of AmericaBy CustomerVery realistic accurated the writer talk about everything that is happening actually and in the near future amazing stories about

people experience , it is a book where he explains every topic very clear I like very much this author that why I have an order pending that I will get on March is his next book thank you Jorge Ramos 1 of 1 people found the following review helpful. Reading Lover By Tomas Benitez This book gets all five stars because it proves what America lacks and what it's good at. The way he writes is like no other I've seen! I recommend this book to anyone, who likes to share or live through what immigrants have to go through to have their American Dream come True! 0 of 0 people found the following review helpful. FAST FAST SERVICE By sharon Loved the book....i loved his writing

Immigrants in America are at the heart of what makes this country the most prosperous and visionary in the world. Writing from his own heartfelt perspective as an immigrant, Jorge Ramos, one of the world's most popular and well-respected Spanish-language television news broadcasters, listens to and explores stories of dozens of immigrants who decided to change their lives and risk everything -- families, jobs, history, and their own culture -- in order to pursue a better, freer, and opportunity-filled future in the United States. In his famously clear voice, Jorge Ramos brings to life the tales of individuals from Mexico, Puerto Rico, Cuba, and the Dominican Republic, among other countries, and explains why they first immigrated, what their dreams are, how they deal with American racism, and what they believe their future in America will hold for them and their children. From the Vieques controversy to the "Spanglish" phenomenon to the explosion of Latino creativity in the arts, Ramos shows that there is a new face in America -- one whose colors and countries of origin are as diverse as the country it has adopted as home.

From Publishers Weekly "I have encountered a lot of discrimination in my life... words like wetback, or ugly words like tar baby." The speaker is not an undocumented Mexican immigrant or a Salvadoran refugee, but George P. Bush, the son of Florida Governor Jeb and his Mexican wife, Columba. Ramos, columnist and Emmy award-winning anchor on Noticiero Univision, makes the case that if a Bush can face racial and ethnic discrimination, imagine what confronts the average Latino. It's a compelling point, as most of the people Ramos writes about in this lively, smart and sometimes cursory tour through U.S. Hispanic lives and cultures have nowhere near the status or privilege of a Bush family scion. The 49 short and mid-length pieces of this collection cover a wide range: e.g., undocumented Chicano nannies in Aspen tending the children of wealthy white vacationers; the energetic battle by Puerto Ricans to stop the navy shelling of Vieques; the shooting death of Amadou Diallo by New York City police. Ramos makes quick, tart points in the shorter pieces, but his longer meditation on the Elian Gonzalez affair shows that he can write sustained, critical think pieces as well. More a journalistic collection than a full-length study, the book is entertaining, informative and well done, but breaks little new ground. (Feb.) Forecast: Look for some sales via Ramos's Noticiero Univision profile and 35-paper syndicated weekly column, but the lack of a solid news hook or personal interest story will prevent larger numbers. Copyright 2002 Cahners Business Information, Inc. From Library Journal Ramos sends his message loud and clear: Hispanics are the emerging minority, and their contributions to American society both culturally and socially are already well established. More importantly, Hispanics are a powerful economic voice all that is left is for their political clout to catch up with their economic impact. With over seven million Mexicans born in Mexico living in the United States, these immigrants cannot be ignored. Crossing into America simply for opportunity, Mexicans fill many jobs most Americans would reject, yet discrimination is still widespread, and the nearly two and a half million illegal immigrants face even greater hardships. In brief vignettes, Ramos, a native Mexican and as a Univision anchorman one of America's most recognized Hispanics, delivers powerful images of immigrants attempting to provide for their family and improve their quality of life, and he destroys many of the stereotypes of Mexicans seeking only welfare benefits. Among the many villains, Ramos counts former California governor Pete Wilson, conservative Pat Robertson, and the migra, or Immigration and Naturalization Service. Initially published in Mexico as *La Otra Cara de America*, this significant book belongs in all libraries. Boyd Childress, Auburn Univ. Lib., AL Copyright 2002 Reed Business Information, Inc. This significant book belongs in all libraries. (Library Journal) Entertaining, informative and well done. (Publishers Weekly)
