Joyce G. Saricks : The Readers' Advisory Guide to Genre Fiction (ALA Readers' Advisory) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Readers' Advisory Guide to Genre Fiction (ALA Readers' Advisory):

4 of 4 people found the following review helpful. Great RA resource! By M. Steffens This was a class textbook. I probably wouldn't have purchased it otherwise, as most libraries I've been to have pretty extensive readers' advisory

holdings. Saricks is an outstanding describer of what a genre is about, "sure bets", authors to introduce someone to a genre, authors to introduce someone to other genres, etc. She's the reigning queen of NoveList, and with good reason. If you're able to direct your attention long enough to memorize the important items in her book -- and almost everything is important -- you'll be well on your way to providing excellent readers' advisory. My one quibble is that, with accelerating pace in publishing novels (and little attention being paid to marketing novels unless the writer is a proven winner), the material needs supplementation on a regular basis. I think it would be great for establishing a baseline and moving forward, though.

1 of 1 people found the following review helpful. An excellent resource
By Madmahli
This item is an excellent resource for many of the top genres found in any library or book collection; the material reviewing each genre as well as suggestions for related items or genres are spot on. I am currently using this in my reader's advisory course, but will keep it for reference in the future in a public library position. An excellent read as well!

By Carol Fairbanks
This is my go to book when a patron in my library asks for suggestions on what to read next.

This revised edition provides a way of understanding the vast universe of genre fiction in an easy-to-use format. Expert readers' advisor Joyce Saricks offers groundbreaking reconsideration of the connections among genres, providing: key authors and themes within 15 genres; an explanation as to how the different genres overlap; and, the elements of fiction most likely to entice readers. Provocative and spirited, "The Readers' Advisory Guide to Genre Fiction, 2nd Edition" offers hands-on strategies for librarians who want to become experts at figuring out what their readers are seeking and how to match books with those interests.

"That infectious pleasure in discovering interesting books and sharing them with readers is one of the deepest satisfactions of readers' advisory work. My goal with this book is that it might provide enough background in a genre to give a glimpse of what it is about those authors and their books that fans love." --Joyce G. Saricks, from Chapter One

This book is brilliant, accessible, and quite useful ... for librarians and readers alike. --American Reference Books Annual

About the Author
Joyce G. Saricks has worked as coordinator of the Literature and Audio Services Department at the Downers Grove Public Library since 1983. In addition to co-authoring Readers' Advisory Service in the Public Library (ALA Editions), she has published several articles on readers' advisory and co-created the Adult Reading Round Table, an organization of more than 200 Chicago-area readers' advisors. In 1989, Saricks won the Public Library Association's Allie Beth Martin Award, and in 2000 was named Librarian of the Year by the Romance Writers of America. She has presented more than seventy workshops on readers' advisory for public libraries and library systems around the country. Saricks earned her master's degree in library science from the University of Chicago.
