The stories don't help the reader get any closer to time traveling all it was intended to do was to fill up pages to justify the price of the item.2 of 2 people found the following review helpful. Interesting bookBy Synful PinionIt's definitely worth the read. Plus, the price is cheap, so you really can't go wrong! I bought it on a whim and am not disappointed.0 of 0 people found the following review helpful. Watch Out For Causality Loops!By Jon StaffordI bought this book next week and I'm already almost done with it. If all goes according to plan I should be able to go back and prevent World War III. Wish me luck!

TAKE A JOURNEY INTO THE UNKNOWN SAFE AND PROVEN METHODS FOR TRAVELING THE WAVES OF TIME AND SPACE A former military intelligence operative with ties to secret government time travel experiments and an Emmy Award winning producer join forces to show YOU how to cross dimensions, enter vortex or window areas and experience stepping into the past or the future in a timely book that could change your life. ***We have long been taught that time travel is the stuff of science fiction and imaginative kooks, but for the past several decades secret agencies within the U.S. military have successfully been crossing the barriers of time and space. **Here is the shattering evidence of their success and method that might well enable the reader to experience such dimensional criss-crossing on their own with methods that might be simpler than you think. LEARN SECRETS UTILIZED BY THE ANCIENT SCRIBES AND MYSTICS TO BENEFIT YOUR OWN LIFE!

About the Author Visit the past of future with safe and proven methods. We have long been taught that time travel is impossible and the work of science fiction, but during the past several decades secret agencies with the u.s. military have successfully been crossing the barriers of space and time. Here is the shattering evidence that we are being visited by 'time surfers' for the future and that we too can journey forward and backwards.
