M. William Phelps : To Love and To Kill before purchasing it in order to gage whether or not it would be worth my time, and all praised To Love and To Kill:

0 of 0 people found the following review helpful. ... am fascinated by true crime books written by authors like Ann

Rule (I've read every book she authored)By zelda555I am fascinated by true crime books written by authors like Ann Rule (I've read every book she authored), but this book meanders and repeats itself throughout the entire story. I don't like to skip chapters in a book I'm reading but I'm tempted to do that now. Plus I can't imagine why he would write a book about these people in the first place ... they seem to be ultra low class, into drugs, sleeping around on each other. I like a true crime book that surprises me this books and the characters do not surprise me in the least the way they lived their lives. I wish I would have read the reviews before purchasing it, but I assumed the writer would write like his other books.0 of 0 people found the following review helpful. Not one of the best.By JTWWellerI had to double check that this was a M William Phelps book whilst I was reading as it was nowhere near as good as some earlier books of his. Like another reviewer posted, it was a bit all over the place, repetitive and you didn't establish a rapport for the victim. The majority of the book focuses on the perpetrators. I didn't make it to the end..I googled the outcome.0 of 0 people found the following review helpful. To love and to killBy helen hamiltonA very good story about a very dysfunctional relationship between a man and a women that leads to murder and another women being involved.

Phelps dares to tread where few others will: into the mind of a killer. TV RagePhelps is a true-crime veteran.New York PostThe missing-persons case of Heather Strong, a young, beautiful suburban mother, baffled Florida detectives. When the file was handed to a veteran investigator, he knew Heather was dead. The challenge was to find her bodyand whoever killed her. Soon, a sordid triangle of sex, jealousy, and rage came to light. The killers were cunning, manipulative, depravedand they were as close to Heather as a man and a woman could possibly be. Vividly recreated by master investigative journalist M. William Phelps, this riveting account of seething small-town passions is a classic tale of crime and justice. Includes 16 Pages Of Dramatic Photos

Phelps is the Harlan Coben of real-life thrillers. Allison BrennanYou wont regret going along for the ride. Sue RussellAnything by Phelps is an eye-opening experience. Suspense MagazineAbout the AuthorNew York Times bestselling investigative journalist and serial killer expert M. William Phelps is the author of twenty-six nonfiction books. Winner of the 2008 New England Book Festival Award for I'll Be Watching You, as well as the 2013 Excellence in Journalism Award, Phelps has appeared on nearly 100 television shows, including CBS's Early Show, ABC's Good Morning America, NBC's Today Show, The View, TLC, BIO Channel, and History Channel. Phelps also created, produces and stars in the hit Investigation Discovery series Dark Minds, which is in its third season; and is one of the stars of ID's Deadly Women. Radio America calls him "the nation's leading authority on the mind of the female murderer."Profiled in such noted publications as Writer's Digest, Connecticut Magazine, NY Daily News, NY Post, Newsday, Suspense Magazine, and the Hartford Courant, Phelps has also consulted for the Showtime cable television series Dexter and written for Connecticut Magazine. Touched by tragedy himself, due to the unsolved murder of his sister-in-law, Phelps is able to enter the hearts and minds of his subjects like no one else. He lives in a small Connecticut farming community and can be reached at his author website, www.mwilliamphelps.com.
