From Ingramcontent : **Trans Studies: The Challenge to Hetero/Homo Normativities** before purchasing it in order to gage whether or not it would be worth my time, and all praised Trans Studies: The Challenge to Hetero/Homo Normativities:

Winner of the 2017 Sylvia Rivera Award in Transgender Studies from the Center for LGBTQ Studies (CLAGS) From

Caitlyn Jenner to Laverne Cox, transgender people have rapidly gained public visibility, contesting many basic assumptions about what gender and embodiment mean. The vibrant discipline of Trans Studies explores such challenges in depth, building on the insights of queer and feminist theory to raise provocative questions about the relationships among gender, sexuality, and accepted social norms.

"A valuable contribution to the field Trans Studies is an informative and stimulating read."
