This book is wonderful as it is arranged chronically and illustrates the shift in 'fashions' from 1860 to 1914. The pictures are beautiful and very well done, and easy to see the detail of the dresses, swimming outfits, riding habits etc..The only drawback to this book is that it gives you so many ideas, it is hard to decide what to sew next. I would recommend this book to all re-enactors of this historic time frame.0 of 0 people found the following review helpful. My one and only complain is that I would have loved to get

fashion examples from the early victorian periodBy Aurea F.If you are looking for a comprehensive book about victorian fashion, this is it! look no further. My one and only complain is that I would have loved to get fashion examples from the early victorian period, as it is something almost impossible to find. However I was very satisfied with the book. Worth every penny.0 of 0 people found the following review helpful. StunningBy c o lStunning photos of fashion plates...I love it for a reference guide for clothing colors used
