Shocking and Disturbing FactsBy Jim FordThe Author was a representative from Arizona during George Bush's Presidency, this gave him insight to our government's views, plus being a long time resident of Arizona, saw the immigration problems first hand. This book is a no holds barred depiction of our current laws, special interest groups and individual stories of day to day events along the border. A Must read for anyone who thinks a simple fence will solve the problem. I highly recommend this to all Americans not only those along our borders.9 of 10 people found the following review helpful. Very informative and sobering book about the current illegal immigration crisis.By James PeabodyCongressman J.D. Hayworth of Arizona lays out his first hand experiences and views as a Southern Border State Congressman, on the failure of our country's elected and unelected officials to enforce our laws. He disproves the "politically correct" talking points about illegal immigration. He details with well researched facts, the great expense illegals are actually costing the American tax-payer; disproving that they are a net asset to the American economy and revealing that they are taking roughly \$3 out of the system for every \$1 that they put in. After reading "Whatever It Takes", you will have an accurate sense of the urgency that the American people must become involved in stopping this very real crisis and threat to our Nation. Excellent book!

Whatever It Takes is a wide-ranging and highly entertaining read, in which Congressman J. D. Hayworth exposes the ongoing battle where terrorists seek ways to exploit our porous borders and attack our homeland as well as the hypocrisy, greed, and political correctness that could literally destroy our nation.

From the Inside FlapWhat should we do to solve America's border crisis? **WHATEVER IT TAKES!** That's the no-nonsense approach of Arizona congressman J. D. Hayworth, one of America's most outspoken and eloquent conservative spokesmen. He knows what we need to do to regain control of our borders, ensure our national security, enforce our laws, protect our jobs, and keep America from being overwhelmed by illegal immigration. J. D. has walked the border and has seen firsthand the devastation that illegal immigration inflicts on law-abiding Americans. He's read the intelligence reports, talked to the Border Patrol and the Marines, and knows how intolerable illegal immigration is in a post September 11 world. He's heard all the excuses about how our country can't function without illegal aliens and has compelling answers to them all. In *Whatever It Takes*, you'll learn: How many cities, and J. D. names names, actually refuse to cooperate with federal law enforcement. Your city might be among them. How our law enforcement system is so bound in bureaucracy that it treats illegal aliens like fish, throwing them back into the stream of American life; they even call it "catch and release". Why illegal alien murderers and rapists walk free along our streets and how our perverse laws may actually encourage illegal alien gangs to kill (if they cross into Mexico, they won't be extradited). The Social Security lie: illegal immigrants don't support the system; they're actually hastening its downfall. How illegal immigration steals jobs from American workers and reduces their pay. The alleged "solution": a guest-worker plan that would reward lawbreakers and lead to more illegal immigration The infuriating double standards: how illegal immigrants often take advantage of health and education benefits (by law!) at the expense of American citizens. The next September 11: if we don't regain control of our borders, how can we prevent it? *Whatever It Takes* is a book that needed to be written, but which no one had the courage to write until J. D. Hayworth took up his pen. For every American who cares about our country, J. D. offers a vital plan to keep it safe. Few books are a must-read but *Whatever It Takes* is definitely one of them.

About the Author**ARIZONA CONGRESSMAN J. D. HAYWORTH** has served Arizona's fifth congressional district (which includes Phoenix, Scottsdale, and Tempe) for more than a decade. A former radio news commentator and sports anchorman, he remains a sought-after speaker and media personality, appearing frequently on such shows as *Hannity Colmes*, the *O'Reilly Factor*, the *Laura Ingraham Show*, *Scarborough Country*, *Imus in the Morning*, and the *G. Gordon Liddy Show*. He lives with his family in Scottsdale, Arizona.
