Disclaimer: This Was A Required Reading Text Book for me By Suzy-Qit was a required reading for a class, its not bad, i just didnt find it interesting 0 of 3 people found the following review helpful. Very good work! By brazilbooks Very good work! This book allows us to understand better the life of Mexicans in Dallas and also in their homeland Mexico. And what causes the migration between both countries.

Through fascinating vignettes and case studies, this unique text illustrates how Yucatecan migrants actively maintain social ties across borders. It also paints a vivid picture of the people and their lives. It places them in the context of current U.S. immigration policy and mesmerizes students by bringing them up to speed on one of the most crucial issues facing the U.S. today.
